Control from anywhere

Sangamo's Wi-Fi Thermostat adds smart functionality to your home, ensuring comfortable heating at the right time.

Benefit from energy efficient programming and remote access via APP allowing constant monitoring and control at your fingertips.

The large LCD display and simplified APP has been designed to assist with straight forward installation and operation; suitable for electric, gas or oil systems.

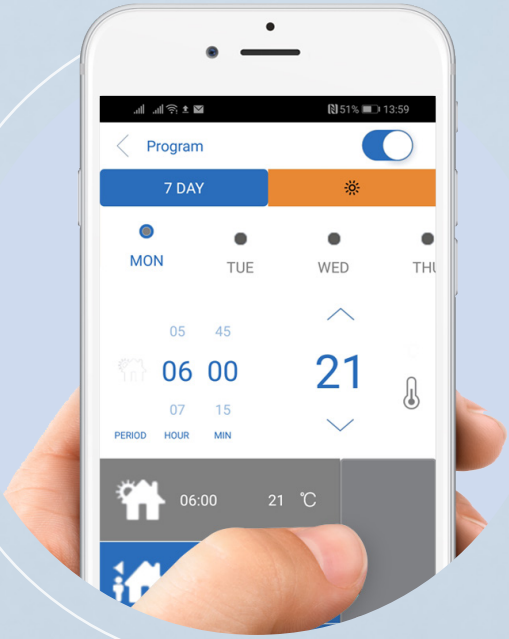
°C

Set Temperature

You can set the temperature from anywhere, even if you're not at home.

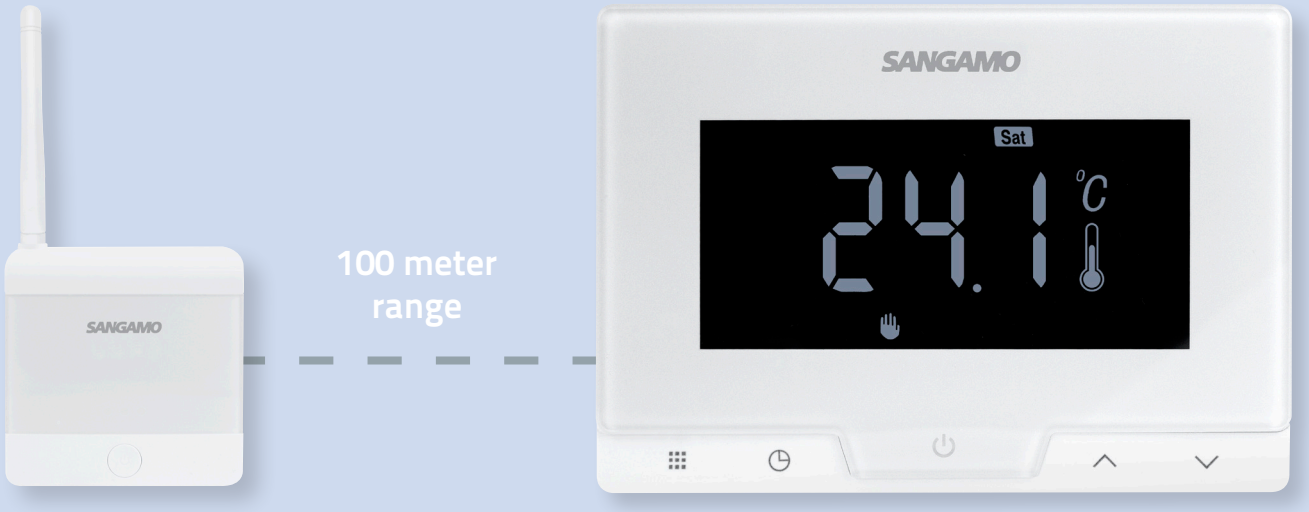


Program Schedules

Create heating schedules from anywhere, so that your heating is on at the times you want.

Analyse Usage

Track your energy usage from an easy-to-read report. This can highlight periods where heating is wasted, saving you energy.



Receiver
